Dear Friend

First, I would like to thank you as a valued customer of **Stanley Engineered Fastening**.

I hope that your experience with our product line has established us as a high quality, reliable and preferred supplier for all of your critical fastening & material handling requirements.

Second, in response to the increasing demands of our customers in Europe, I am pleased to confirm that Company Comair, a longstanding partner, is our strategic distributors of Stanley Assembly Technologies (SAT) in Italy for you.

Company Comair in our sole authorizes supplier & certified repair center for all **Stanley Assembly Technologies** Products and is well positioned on Italian market to ensure 100% customer satisfaction for all of your critical fastening & material handling requirements – from new product sales, consulting, installation, programming, Project management, Software updating up to service and local support.

Should you have additional questions regarding this announcement or any other SAT related issues, both Company Comair staff & Mr. Vahid Amirzadeh (our European Product Manager) from Stanley Engineered Fastening will be at your disposal.

Best regards
